local + cs +SECOND ANNUAL VIENNA STUDY PROGRAM
SCHEDULED BY UM SPRING QUARTER 1974

MISSOULA--

The University of Montana Department of Foreign Languages will sponsor its second annual overseas study program in Vienna, Austria, during spring quarter 1974.

A preliminary meeting for students interested in the program will be held at 4 p.m. Thursday (Oct. 18) in room 204 of the UM Liberal Arts Building.

Dates of the program will be March 21-June 1. The program is open to all UM students who have completed five quarters or equivalent of college German when they start the program. Students with four years of high school German may qualify for the program.

Dr. Dennis R. McCormick, an assistant professor of German at UM, who is coordinator of the overseas program, said all students participating in the program "will be required to take courses in the German language while they are in Vienna."

"Students interested in the program need not be German majors to participate, but they must be interested in improving their language capabilities while they are in Austria," McCormick said. "The students also will be doing independent study projects for which they will receive academic credit from their own departments at UM. Other offerings will include a course in Austrian theater, in which students will attend an opera or theater performance each week."

Austrian instructors will be hired by UM to teach the students from Montana. McCormick will teach one course in Vienna and he will supervise the program and certify the grades received by the UM students.

The overseas program is structured to enable students to pursue their own interests while learning about the Austrian culture.

While in Vienna, the UM students will live in rooming houses.

McCormick said the estimated costs of the program will be about \$1,250 per student, including class fees, books, room and board, theater tickets and round trip transportation tickets from Missoula to Austria.

Additional information may be obtained from McCormick at his campus office, room 218, Turner Hall, or by phoning 243-4547 at UM. His home phone number is 542-2890.
